Stage 5 Food Technology: Food trends

Basic ingredients used in food design brief

In pairs you are to design a meal/food item which uses a combination or all of the basic ingredients. In addition to this, you are then to word process the recipe, which outlines the steps in processing and preparing this meal/food item. Submit the hard copy to your teacher.

Word processing requirements

➢ Ensure it is neatly presented.

➢ Ensure each recipe has a name and includes ingredients and method.

➢ Headings to be in bold, Times New Roman and 14 point.

➢ Other text to be in Times New Roman and in 12 point.

➢ Ensure it has been spell checked.

➢ Use **bold** to highlight specific words.
